NORWAY AND VICINITY.
Hallowe'en Party.
A Hallowe'en party was given by
Tessa Tibbodeau, Monday evening.
A party of giggling girls were solemnly
received at the door by a ghost, who
performed the duties of a host, where
ghosts took them in charge and
ghostly conducted them to the parlor.
Then under the spirited leadership of
the business all rites and ceremonies of
Hallowe'en were religiously observed
and the laughter and shrieks of the
girls.
Refreshments appropriate for the oc-
casion were served and at a late hour
the party reluctantly took leave. From
quite a distance one might hear com-
ments shouted: "I never had such a good
time in my life! I never laughed so
much! I thought I should die!"

New Pastor Coming.

The Universalist society of Norway, Me., have extended a call to Rev. S. G. Davis of Dering, who has occupied the pulpit at the church for several weeks. Mr. Davis has accepted the call and will move here within a short time, his pastorate commencing immediately. He is a native of Columbus, Ohio, attended the Wesleyan University in Wesleyan, Ohio, and was graduated in 1875 with high honors from Tufts College. He has held pastorate at Shelburne Falls, Mass., Cooperstown, N. J., Newburgh, Conn., and Waterville and Deering, Maine. He is a very able speaker, a man of earnestness and spiritual power, and has produced an exceptionally favorable impression in his sermons and work already here.

Under his ministrations doubtless the church will prosper greatly, and take a backward step from the position as one of the leading churches in influence and power in the community.

She Owned a Set of County Buildings.

Mrs. Emeline H. Cummings of Paris made us a pleasant call last Wednesday. She was accompanied by her grand-daughter, Mrs. Wirt Stanley of South Paris. Mrs. Cummings was for many years the popular landlady of the Uni House at Paris.

She is probably the only person in New England and as far as we know in the world that did own a full set of county buildings. The stone jail where she sold a few years ago for a library, but the remainder of the official plant is now here—court house, jailer's house and office buildings with big brick vaults attached.

Mrs. Cummings tells us she is now liv-
ing in the jailer's house and has lived there since last spring.

Herbert Bradbury is sick.

The ground was frozen hard Monday morning, and it made very rough travel-
ing on the roads.

S. A. Stevens has gone to Presque Isle to spend the winter with his daughter, Mrs. J. O. Smith.

Mrs. T. J. Golden gave a Hallowe'en party to the members of her Sunday school class, Monday evening.

Last week the board of management of Norway Public Library voted to purchase \$150 worth of new books.

The ladies' circle of the M. E. church will have a baked bean supper at G. A. R. hall, Thursday, Nov. 10, at 6.30.

Capt. J. Waldo Nash is on a business trip to Toronto and vicinity, including the Muskoka region and other sporting districts.

Three blows on the fire alarm bells at intervals of a half minute will be the school signal rung at 8.15 and 11.45 a. m. stormy days.

The N. & P. street railway have purchased the Oxford Light Company and elected Mrs. E. H. Morrill treasurer in place of H. L. Shepard.

Mrs. Jennie H. Pinkham returned from the hospital at Boston, Saturday, where she underwent an operation for appendicitis several weeks ago.

Mrs. Otto Schauer returned Saturday from Bath, where she had been visiting her daughter, Mrs. Frank Barker. She is quite a little improved in health.

Hobgoblins of every degree were abroad Monday night. No doubt the ancient Hallowe'en rites were duly observed, and every lover saw his sweet-heart.

Miss G. Crocker, assistant forelady in the stitching room at the shoe factory, returned from a vacation of several weeks, Tuesday. Her health is somewhat improved.

George H. Bennett was in Portland over Sunday visiting his sister, Mrs. John Saylor. He also spent considerable time with his daughter, Mrs. Fred M. Davis at Yarmouth.

George A. Keenerson has hired the store corner of Main and Bridge street, lately occupied by W. P. Cullin, and is to move his business there as soon as the store is cleared out.

A Week of Plays.

This week the Rice Stock Company hold the boards at Norway Opera House, with a full week's program of plays, a different one every night. The prices are low and the company is a very good one for a repertoire company. There are some excellent actors in the regular play, and some specialties that are good. A slight of hand performer presented some very good tricks. A monologue artist appeared as a "Rube of the traditional kind, and there were a man and a woman negro dancers in very good act. The plays are varied. Monday was The Girl from the West, a wild and strenuous play; Tuesday a quiet pastoral, as different from the preceding as play, was Wednesday was The Black Flag. A large crowd had attended each of the evenings, and many are enthusiastic about the plays.

Thursday night the play is The Two Orphans, Friday East Lynn, Saturday evening Jesse James, and a matinee Saturday afternoon.

Mrs. George W. Winslow and son are visiting her parents in Portland for a week.

Mont J. Whitman of Mendota college will preach at G. A. R. Hall, Sunday at 2.30.

Agnes Beal has returned from Enfield where she has been enjoying a wood's life a few weeks with friends, Mr. and Mrs. E. M. Hersey of Bangor.

Several young ladies have formed a reading club, "The Round Table" for mutual improvement and entertainment. It was organized at Lena Bennett's last Wednesday evening.

Irving Frost has returned from Poland Spring where for six weeks he has been employed by Hiram Ricker & Sons, proprietors of the Poland Spring House. Mr. Frost reports a busy and successful season's work. He is wanted to return another season but is not decided yet.

Taxidermist J. W. Nash won two gold and one silver medal at the St. Louis Exposition for his exhibits of fish and game. The Grand Trunk exhibit which was entirely prepared by him won the gold first medals. The International of which his was but a part won the silver second medals.

Harry Wright of Gilead died Thursday morning at 11 o'clock at the home of his sister, Mrs. Adina C. Scribner, corner of Main and Whitman streets. He had been here about a week and had been failing having had several hemorrhages, but a heart failure was the cause of death. He was about 30 years of age.

The camp fire was lighted up last Saturday and gathered around it were the old comrades of the days that tried the men's souls—the days of '01.

Members of the veterans from the South Paris and Oxford Posts were present, and the ladies of the relief corps entertained their sisters from the same town. An excellent dinner was served at noon of which 150 partook, and after all was cleared away a programme of entertain-
ment was presented.

H. Little of South Paris spoke of a camp fire recently witnessed by him in Boston, and spoke of other matters also most entertainingly.

H. H. Williams and wife of Honolulu, H. T., were guests Monday of Freeland Howe and wife, going to Rumford Falls, Tuesday morning. Mr. Williams is in business in Honolulu and travels exten-
sively. His parents were from Norway, people who went to Australia in time of gold discovery and he was born there, going to Hawaii in early life. He is a 33 degree mason, having held practically all the offices in that order, as well as stand-
ing high in Odd Fellowship. Mrs. Williams is prominent in social circles, be-
lieves especially devoted to charitable work, and has held offices in the Eastern Star and Rebekah Lodges.

NORWAY LAKE.

Joe Wood's family have moved to Kennebunk.

Mae Marston was at David Flood's over Sunday.

Mothers' club will meet with Mrs. W. S. Partridge, Nov. 8th.

Leola Noyes and Ella Edgecomb went to Lovell, Friday, and came back Monday.

Mrs. Mary Perry and Grace Hill returned from Portland and Boston, Friday.

Hattie and Alice Greene of Norway were at Chester Flinn's, Tuesday afternoon.

No school funeral of her aunt, Mrs. Noble at Norway.

The Norway Lake C. E. society have changed the hour of their meeting to half past seven Sunday evenings.

Mrs. Maud Wood and five children have been having the measles the past week. Mrs. Wood has been quite ill but the children have not been very sick. All are improving at present.

LOCKE'S MILLS.

Mrs. Mabel Bryant Tirrell of Foxcroft was in town last week.

Death of Mrs. Hannah P. Noble.

Mrs. Hannah Noble, a life long resident of Norway, died Sunday morning at her home on lower Main street just as the bell was summoning the worship-
pers to the church, which she loved and for years was a constant attendant. She was 71 years of age, for the last 21 having been blind, which affliction she bore with great patience and cheerfulness and was able to be about both in doors and out of doors, and to work as many without her blindness would find very difficult. In May, 1870, she united with the Second Congregational church and was a faithful member, being always cheerful, prompt and liberal in support of the church and mission work.

She married Aaron C. Noble of Norway in 1853. He died many years ago. The daughter, Mrs. Janette C. Cook, has cared for her mother with great tenderness and faithfulness. They spent a season from the fall of 1892 to the spring of 1894 in Florida, which is the only time they have spent any considerable time away.

Besides her daughter, Mrs. Cook, she leaves a sister, Mrs. D. L. Brett of Otisfield Gore, and a brother, David A. Gorham of Bethel, who on account of illness was unable to attend.
Funeral services were held at her late home, Tuesday afternoon at 2.30. Rev. Bates S. Rickett conducted the ceremony. Mrs. B. F. Bradbury and Mr. Rickett sang some of Mrs. Noble's favorite hymns. Floral tributes were exceptionally beautiful and included a pillow "Mother" from Mrs. Cook, 11 white pinks from her sister, Mrs. D. L. Brett, and John Lasselle, red and white pinks from Charles S. Bartlett of Auburn, ferns and cut flowers from Mrs. Lucius Bartlett. Burial at Pine Grove cemetery.

Death of Job E. Strick.

In the death of Mr. Strick, a very estimable citizen who had won the regard of a wide circle of friends by his sterling worth, industry and attention to business, has passed away. He had been in Norway about thirty years, on coming being employed in J. L. Horne's tannery and remaining at work for this company as long as the tannery was operated. Since that time he had farmed a tract of ground owned by him on Elm Hill but he was one of a family of 12 children, a native of Halifax, England, coming to this country at the age of 21 and working in other parts of the State prior to coming to Norway. He applied for naturalization but while final papers has been issued he had not taken them from the courts.

While a man of religious principles, he had not united with any church. He attended regularly either the Congrega-
tional or the Methodist churches and was welcomed in either.

He married first Georgiana, adopted daughter of Mr. Everett of Page's Mills. He died some thirty-five years ago. His second wife was Martha Mackaway, who married him in 1874 and survives him. There were several children by the first wife. Mabel and Walter H., whose untimely death at the ages of 10 and 17 occurred within a couple of weeks of each other 27 years ago and is well remembered by many friends. The other daughters are Mrs. Frances E. Hoyt of Athol, Mass., Mrs. Cora E. Lar-
ry of Spencer, Mass., Mrs. Lillian R. Penney of Mechanic Falls, and a daughter by the second wife, Mrs. Jennie M. Wyma of Middleboro, Mass. There are eight grandchildren.

The death occurred Saturday night at ten minutes before seven. He had been ill from erysipelas for some time, and the effects of this disease coupled with other troubles was the cause of death. He had suffered in a very manly and patient way. He had attained the age of 71.

Funeral services were Tuesday afternoon at 1.30, attended by Rev. B. S. Rickett of the Congregational church, who spoke most feelingly of the respect the deceased bore as an upright citizen of the community. Floral tributes were many and beautiful. The burial was at Pine Grove cemetery in the family lot.

PARIS HILL.

Consolation Prize.
The sociable at Academy hall last Saturday evening was a very pleasant affair.

This was given as a consolation prize for the children of the Universalist Sunday school as the annual picnic was omitted this year. A good number of friends not members of the school also attended.

Mr. and Mrs. Fred W. Shaw and Master Clyde are guests of Rev. and Mrs. H. H. Bishop at Hodgdon this week.

E. B. Curtis & Co. are to open a meat market in the store formerly occupied by J. M. Thayer and later by R. F. Tufts.

Mr. and Mrs. Denis Parlin and son of Portland were at Paris, Sunday, on their way to Sumner to attend the funeral of Mrs. Parlin's sister, Emma Heald.

George H. Proctor and crew left for the woods, Nov. 1st. This is Mr. Proctor's fourth year as boss for the Paris Manufacturing Company at Albany.

There will be a social and supper at Cummings hall, Friday evening of this week. Supper will be served at six. The Baptist ladies' circle have charge.

Hon. Prentiss Cummings is having the grounds at the Owl's Nest graded, and the stone wall between the two is one of the pleasantest of the summer residences on the hill.

Richard Eastman and wife of Conway, N. H., visited Mr. Eastman's grandfather, H. B. Eastman, and other relatives at Paris last week.

EAST HIRAM.

Has Gone to Hospital.

Ethel Martin is at the Maine General Hospital for an operation, for appendicitis.

Josie Clark of Cornish is the guest of her sister, Mrs. Clifton Evans.

Mrs. Lizzie Scribner of Harrison, who has been visiting her daughter, Mrs. G. H. Rankin, has returned home.

Alton Douglas fell from a load and was run over by the cart wheel, separating the spine from the hip bone.

Some Football Games.

Paris High Holds Gardiner to a Tie.
Last Saturday, Paris High school team went to Gardiner and played the High school team of that place, in one of the roughest games they have ever been in. The score was 6 points each in two 15 minute halves. Neither team had been scored on before and if their opponents had played the same clear game that Paris did it would have been a fine game. Making all due allowance for what might appear to be in the haste of the game, in reasonable treatment there is no question that a great deal of the game played by Gardiner was not clean football and was the opposite of honor-
able athletics. It appears that there was also a great deal of interference from outsiders and often Paris had to play double the regular team.

A challenge has been issued to the Gardiners to play in South Paris or on a neutral ground.

In the same newspaper in which Paris' challenge was printed on Monday, the manager of Gardiner High published in Tuesday's issue a reply declining to play Paris High on the grounds: first that when the game was arranged no return game was asked for, or expected. The conditions were that each team should pay half the expenses. Second that Paris High men were heavier than their opponents and were prevented from victory by snappy playing and well executed tricks. Third, Gardiner's schedule is full.

Minor Games.

Paris High Second defeated Norway High Second, Thursday afternoon on the Paris school grounds with a score of 37 to 0.

South Paris Grammar school was defeated by Norway Grammar school Friday afternoon by a score of 11 to 0.

SOUTH PARIS.

Ladies' Social Circle.

At the annual meeting of the Ladies' Social circle of the Baptist church the following officers were elected:
President—Mrs. Walter Denison.
V. Pres.—Mrs. Albert Denison.
Sec.—Mrs. Frank Kimball.
Treas.—Albert DeCoster.
Executive Committee—Mrs. Emory Bonney, Mrs. Walter Bonney, Mrs. J. H. Stuart, Mrs. Luther Winslow, Mrs. John Everett.

Gould Spofford is taking a mechanical engineering course at the University of Maine.

Mrs. Cyrene Bean has gone to the Central Maine General Hospital in Portland for surgical treatment.

Hiram Pulsifer and wife have returned from their trip to Massachusetts where they visited their sons.

Ell J. Swan was at home over Sunday, going, Monday, to Portland where he is now temporarily located.

George A. Briggs lost a horse recently. The animal was found in the pasture with ankle broken and it was deemed impossible to save it.

Maxim & Russell have begun building a twenty-foot extension on the north end of their grain mill and will put in a hay press when it is done.

Prof. H. R. Purlington of Cobb Divin-
ity school, Lewiston, preached at the Congregational church, Sunday morning and Prof. A. W. Anthony will preach next Sunday.

S. P. Stearns and his son Henry K. Stearns of Hebron started Sunday night for a trip to the World's Fair at St. Louis. From there they will visit Frank P. Stearns, Shawnee, Okla.

Sunday, one of C. G. Andrews' cows climbed up the stairs leading to the loft, resisting all efforts to stop her. She was finally gotten down by tying a rope about her horns and making her back down.

J. J. Murphy and family, who have been living in the Colby house, Pleasant street, have exchanged rents with A. W. Hobbs and family who have resided over N. Dayton Bolster & Co's store. They moved last week and are comfortably settled.

Keith Spofford, who graduated from Bates college last June, is taking a post-graduate course at Dartmouth college. He has a position as assistant in a fitting school teaching English and with hours arranged so as to carry along study and teaching at the same time.

There was a good crowd at the presentation of Our Folks at New Hall Thursday evening. It is a 3-act drama with strong characters, but not beyond the capacities of first class amateurs such as presented it at this performance. Between the acts were duets by Mrs. B. F. Bradbury and Mrs. Luella Smiley, and songs by Fred S. Hall, in black face with local hits.

A slight fire was discovered in the store of W. O. & G. W. Frothingham, Thursday morning. The funnel from the basement furnace passes through the floor and the boards catching fire were considerably charred. George W. Frothingham, who was in the store, had gone across the street and during his absence the fire was discovered. A few buckets of water put it out.

The funeral of James D. Williams was held Friday morning in the Universalist church conducted by Rev. J. H. Little and in charge of F. H. Lodge of Masons of which he was a member. Besides the daughter, Mrs. White, with whom he made his home, he leaves a son, A. L., with the New England Telephone Co., in Portland and another daughter, Eunice J., who lives in Wakefield, Mass.

Charles H. Nowell died of typhoid fever, Friday morning at the home of Mrs. Nowell's parents, G. F. Chase and wife. He was a little less than 24 years old. He married Lura G. Chase in September and had resided in Norway up to the time of being taken ill. A few weeks ago he fell from a tree while picking apples and the typhoid fever later developed. The body was taken to Massachusetts for burial.

Frank Martin of Rumford Falls who was held up in Lewiston, Saturday night is a son of A. K. Martin of this place and is employed in the New England telephone exchange at Rumford Falls. In company with Judson Douglas also of Rumford Falls, who is a student at Bates and whom he is visiting, he was walking on Bates street about midnight when two men stepped out in front of them. They avoided the men who accosted them and got out of the way as soon as possible.

L. R. Cole has moved into the Ira Libby house.

The river was frozen over above the Main street dam Wednesday morning.

Mrs. Charles F. Brett is visiting relatives in Wakefield, N. H., for a week or more.

The Oxford County Creamery company have bought Leon Brooks' milk route.

Lumbermen are getting their axes fixed up and their tools in shape for the winter's work.

Ellsworth Meader has moved from the F. A. Barrows' rent to the Chas. Wilson house on Pleasant street.

The closing concert of the People's Course has been postponed from the 9th to the 21st of this month.

A. C. Hall and wife started, Tuesday, for a trip to the West, where they will visit their sons in Kansas City.

Frank Mayo has moved his family from the rent over W. D. Clark's store to the rent over Jackson & Thayer's meat shop.

While sharpening a planer, Monday, on which he had been at work in the sled factory, Charles Outler cut his hand severely so that stitches were required to close the injury.

A Hallowe'en Party was given Monday night in the Baptist vestry.

Mrs. Meroah Bryant of Locke's Mills is visiting her niece, Mrs. J. J. Murphy.

Miss Margaret Sumner, missionary from Africa, will speak at the Baptist church next Tuesday evening at 7.30.

Wirt Stanley has captured 140 birds thus far this season. They were all shot over his young dog "Ky" which is his first hunting season.

Fifty Mile Auto Ride.

W. N. Taylor and H. J. Willard of Portland called at the ADVERTISER office last Monday. They had left the city Friday before and had come from West Sumner that morning. Mr. Taylor has some colts at Frank Barrett's which he had gone up to see and incidentally do a little bird shooting en route.

We were invited to accompany them across the country to Mr. Taylor's camp and fish ponds near West Buxton. Of course we could not refuse, though we made a bluff about it being the last of the month with lots of extra work to do in the office, yet we accepted as gracefully as possible. A 52 mile ride in a "buzz-wagon" over country roads and a couple of ponds stocked with trout was too tempting for us to turn down.

The route was through Harrison, Naples, Raymond, Windham, Sebago, Standish and West Buxton. The day was perfect and it was a most delightful trip. About an hour was spent in partridge hunting on Hall ridge beyond the Twin Bridges—a deer and some birds were raised and a few bagged. Dinner was had at David Kneeland's in Harrison and a short stop at Howard Randall's farm. Mr. Randall, by the way, is a brother-in-law of Mr. Taylor.

At Naples a visit was made to the fish weir or pound, and some of the fish were speared. Mr. B. B. Jones says 150 salmon have come in the weir and been stripped thus far this season. The largest female weighed 20 pounds. Owing to the low water not so many fish have come up as usual. Mr. Jones has had charge of the weir for 17 years.

At Sebago station the lamps of the auto were lighted and the run from there was made in the twilight and darkness. At 6 p. m. we were at "Camp LaJoya" on the hard pine ridge separating the two trout ponds. The distance traveled was 52 miles, and the running time less than five hours. There was no hitch or break or stop except to occasionally pass frightened teams, with the machine from start to finish. The auto responded cheerfully to the will of the driver, and considering the condition of the roads it must be called a fine rate of speed. By spells we rode fully as fast as we wanted to, and rode fully as fast.

Miss Nettie Blackmore, Minneapolis, Minn., tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

"YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely well, out pain at my menstruation periods. I am most grateful."—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will tell you the truth in strict confidence. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is, Lynn, Mass.; her advice is free.

Children's Corner.

The Red Squirrel's Housekeeping. Mr. and Mrs. Red Squirrel lived in a large forest. Of course they were not the only ones there, because there were many other squirrels, some gray, and others red, and besides there were a lot of birds, such as blue jays, robins, snow birds, and once in a while a black crow would fly over the forest with his black wings flapping through the air.

Mr. and Mrs. Red Squirrel did not like a crow very well, because Mrs. Red Squirrel once had a very nice family of squirrels and one of the babies was carried away by one.

Now Mr. and Mrs. Red Squirrel were in a forest new to them, where should they make a home. "I think," said Mr. Squirrel, "that inside of that elm tree would be best."

"Well, I don't know but that would be better," and away they went to make the nest.

"O lovely," said Mr. Squirrel. "Just the place. 'Yes it is,' said Mrs. Squirrel in rather a low tone.

They began to make the nest. "I believe that tree is hollow," said Mr. Squirrel.

"Yes," said she, "I do," said they both.

It took Mr. and Mrs. Red Squirrel about two days to make their house. After they had got it done they began housekeeping. "Now," said Mr. Squirrel, "where shall we get our acorns and other nuts?"

"I think," said Mr. Red Squirrel, "that over there where that oak tree is, there might be a few," and away they went to see. There were some sure, and they got all they could carry and went back to their new home. They were pretty careful not to get any that were not good, and you know squirrels have a way of telling.

"They were perfectly delighted with their new home and went at once to get some more acorns to put on a little shelf that they had made. Now must know that they were getting ready for winter for pretty soon the cold days would come. They kept themselves busy putting acorns on their little shelf, with other goodies. Every now and then they would stop to sing their song, 'churr, churr, churr.'"

One day Mr. Squirrel took it in his head to take a walk in the meadow. Mrs. Squirrel begged of him not to go but he said there was no danger and flew over the ground as fast as he could go, all the while saying "Don't you want to go? Don't you want to go?" But she said nothing.

Soon he was out of sight and over the fence in the meadow, hopping over the tree tops eating nuts and apples. Then he returned to his home and together they stored their winter's supply to be used by the little family.

We leave them here to learn later what became of them. We hope no true boy will find them.

EAST SWEDEN. Mr. Bisbee has his timber nearly all sawn into barrel staves.

Charles Packard of South Waterford is trapping through this town.

Daniel T. Adams has sold one pair of steers and traded another pair for cows. C. O. Brown and his son Homer were over from South Waterford, last week, gathering Etta Brown's apples.

Charles Kimball, Lindon Merrill, Harold and George Porter helped O. H. Haskell pick apples, last week.

Mrs. Leavitt is on the sick list. Her husband's mother from Lewiston was here at Mr. Bisbee's last week to see her.

Oscar Kimball has finished hauling spool strips from West Lovell to Stoneham and has returned home with his team.

Mrs. James E. Crouse is home from Boston, where she has been on a visit to her mother. Mr. Crouse has finished his job at North Norway, making apple barrels.

Charles Kimball, we learn, has hired with E. W. Stone for the winter, and will drive Stone's ox team hauling birch bolts. Mr. Stone thinks now of driving his horse team this winter himself.

Choosing the Least of Evils.

I would rather hear the rude speeches of big boys at school.

But the soft silly talk of the gentleman fool would quite so against me in spite of myself. For such cheap spoony spoons should be laid on the shelf.

I would rather hear "jokes" whether lofty or than to listen to good people's whining and woe.

Their sorrows and ailments they dwell on so long, I would rather give ear to a "curious" song.

The man who is "olly" and "sweet" to your face, And tells things abroad to your shame and disgrace.

Is more to be shunned for his low dirty trick Than the man who is ugly but "square as a die."

The man who talks "lovely" for ladies to hear I surely disdain when he gets on his beer.

And so I would rather hear a man swear, Than to hear the loud words of a hypocrite's prayer.

Apple-crop of 1904.

Seventy millions of barrels of apples, Is the tough proposition at present that grapples.

Of how to distribute them fair and impartial, And other legions.

Of how to distribute them fair and impartial, 'Twould puzzle a genuine bon-die marshal.

The astrachans, bellflowers, and McIntosh red, The Harts and Weathers, how many have heard.

Alexanders and baldwins and colvert and crab, Granite beauty and greenings, take all you can.

seventy millions of barrels of apples, 'Most a barrel apiece for the whole nation (gapples).

My wondering vision With dreams most Elysian.

With orange and green till I near have the end, The Hubbardston, longfields, Peck's pleasant and deane.

Garden roses and genetling, king, cravenstein, Grimes' golden and mother and primate and peach.

Pumpkins, sweeties, porters, take all you can reach.

To seventy millions of barrels of apples, Each one who would share in this bountiful snap!

Assist distribution Of barrels and boxes, bins, bags or basket. If you want them filled up you have only to And then take your choice of the pippins and nod-heads.

The stork must, peewee and cat-head, Maiden's blish, and Ben Davis, the nonesuch and black.

Boyskins and presidents, fill up your sack. Say, think of the pies and the puddings and bakes.

Think of over-taxed juvenile bellies, The dumplings and doddies, And think of the rowdies.

Will you send guano vinegars, champagnes (?) and ciders.

All flavored with apple-worms, dry leaves and spiders.

Combined with the Williams, pome royale and duchessflower, twenty-one, russets, Northern spy, orange specks, somerset, snow, Rolfes, and sweet bough, of course you must know.

They're all good in cider, the teetotals, pound sweets, Yellow transparent, this list's incomplete Without fallawater, blue pearmaines, also Golden russets, and Wagoner, and too, Thompsons king and spitbergen and all the rest.

There must be some others, I've striven my best to mention them all, but the harvest is large, And my mind cannot be loaded down like a large.

The Passing of Hastings.

The recent closing out of lumbering operations at Wild River results in the abandonment of the little colony.

A few days ago the last passenger train was run to the settlement. Since Emory Brown of Poland assumed the ownership of the ship, the timber has been rapidly cut off, and now operations are being closed up as fast as possible. The machinery in the mills is being sold and the mills closed.

Wild River has been a thriving little settlement about two miles from Bethel, and has contained a store, a school house, hotel, and a postoffice named Hastings, but with the closing of the mills the settlement will be abandoned. The balance of the wood will be cut and floated down the river for pulp wood which pays better than to saw it.

This little settlement has a somewhat romantic history. Sixty years ago the place was called "Nigger Tom's Opening" because a slave who ran away from his master in the South came to Gilead, and going into the woods cleared up land and began farming. He proved to be a flourishing farmer and soon had a fine stock of cattle and horses. About this time, however, Congress passed the fugitive slave law which allowed the master to come North, call on the United States Marshal to assist him in arresting and taking home his fugitive slave.

This is a true heart of heart of poor Tom, and he went to Gilead to ask advice of leading citizens as to the course he should pursue. Tom's cause was warmly espoused by them, and in the discussion of the matter one man, Hiram Bennett by name exclaimed, "Uncle Tom, is it any way away they carry you over my dead body?" However they advised him in order to avoid bloodshed to sell out his possessions, which he did and fled to Canada, where lonely and heartbroken, his sorrow so overwhelmed him that he grew dissipated and soon died.

The Academy and College Girl.

Let your little duman be sweet and bright, but withal, dear girl, see to it that its ornamentation is refined. Flee the tawdry gewgaws of bad taste as you would a pestilence. Cheap and perishable notions are positively detrimental to the neat and substantial appearance of a room in the dormitory of a boarding school.

Two pretty, well-dressed girls occupied that room, rather, they stayed there. In point of fact, the empty nothingness of cheap ornaments really occupied it. The neat and substantial table, provided for the purpose of study, was draped with a cheap white cover, gaudy with embroidered panes of impossible hue and size. Upon this table was heaped an indescribably mass of curious, pleated, and gaudy, Christmas cards, colored photographs, in fact, as contents, that table rivalled the whatnot of our great grandmother's day. Every part of the room was occupied by ill-assorted rubbish collected by way of ornamentation, much of it brought from homes whose standard of beauty was thus proclaimed.

At their evening study hour they sat uncomfortably, for there was no room for the accommodation of books or paper, since the study table supported its collection of little gods. It is hardly surprising that their school life was a failure, and no amount of suggestion seemed fruitful in remodeling their open standard. Some luckless day they will utter some unhappy man's home in like manner.

You may boast of the orange, lemon or peach, Ye men in the fair sunny lands, But the coat of these each must be taken away Before eating, Dame Nature demands. Then let us not envy our brothers abroad The products that soil our affords. But rather for dear old New England's rich land And its fruit, send our thanks up to God.

Female Fidelity.

The increasing tendency toward the employment of women in positions of trust by financial institutions is thus explained by the president of one of the largest banks in the country: "The feeling is gaining ground among men and on the whole more honest than men. A considerable number of women are now rendering satisfactory service as cashiers and tellers, handling large sums daily without loss or error. One of the most conspicuous traits in the feminine nature is fidelity to trust, speculation, the chief pitfall of defaulting employees does not attract as it does men. Cards and drink also drag down many a male employee and these, again, are more particularly masculine vices. Some of the largest banks in New York are employing women in positions of heavy responsibility. But there is an occupation in which men no longer have the monopoly." As to the question whether women are by nature more honest than men, certain masculine critics aver that women have gained that reputation only because they are subject to fewer temptations to steal than are men. But is this the case? What occupation offers more severe test of honesty than domestic service? It is impossible for a mistress to lock up her belongings from her servants, and opportunities for pilfering are numerous. Yet stealing is comparatively rare among the nation of business men are convinced of woman's fidelity in responsible positions and her ability to discharge important duties. Never were there such opportunities for capable, energetic women as at present await them in the business world.

Economic Modern Heating View.

Taken by Property Owners of All Classes at the Present Time.

Coal was first discovered to be available for fuel in 1728 by a blacksmith named Hoville living at Nancy in France. He learned its combustible properties while using what were then called "black stones" to bank his charcoal forge fire. Discovering that they would burn with good heating results, he continued to use the "stones" and gradually their use has been extended until in the year 1903 the consumption of coal in America alone amounted to about 945,000,000 tons. Unquestionably the supply is practically inexhaustible, but as men may be compelled to dig deeper for it, with increased mining expenses, the subject of its economical use is one of great importance.

At the present time property owners of all classes are more and more becoming interested in forms of apparatus for steam and water warming which burn hard and soft coal or coke, and extract and utilize such a large measure of the heat value of coal that the demand for such apparatus is rapidly increasing.

These forms of heaters not only produce very sharp and effective combustion but in connection with various forms of heating radiators they thoroughly distribute the warmth to all parts of the building. Measured by the uniform and reliable results they produce they are unquestionably the most economical appliances now in use.

It is a noteworthy fact that while even a decade or so ago steam and hot water heating was considered a rich man's luxury, to be afforded only by the favored few, to-day these methods are being introduced by the thousands into the more modest cottage homes of our country.

A very large majority of property owners (especially in urban districts) in building consider the merits of these modern, sanitary means of comfort, healthfulness and home cheer and an increasing number purchase every year.

With good judgment many conclude that it is the part of wisdom to reduce expenditures for things which are less essential and put their money into good reliable heating apparatus.

It is also noticeable that landlords who formerly rented their hotels, apartments and other leased properties subject to the fire risks, dirt, damage and other cheap forms of heating apparatus are increasingly demonstrating the better judgment of equipping their buildings with steam and water heating outfits, which eliminate the risk, dirt and damage and increase the rental returns.

In fact, the investment feature attending the purchase of the highly improved modern cast iron steam and hot water heating apparatus is a matter of prime importance. Buildings so equipped become permanently more valuable to live in, to rent or to sell. While cheaper forms of heating apparatus will average will endure possibly ten years and then go on the scrap heap, a good cast iron steam or water boiler and the radiators used therewith will last as long as the building—are practically indestructible by use. So an investment in steam or water apparatus is not an expensive item, but means an addition to permanent property value.

E. E. Decker, superintendent of the Burgess Sulphate Co. of Berlin has shot a big moose down East. He has been in the woods above Katahdin Iron Wells for some fourteen days and last Saturday killed an 300 pound moose with a splendid set of antlers. The spread of antler is 47 inches with five well formed prongs. Mr. Decker camped on the trail of this king of the woods for 8 days before he got a shot at him. He brought the moose to Berlin on the late train Wednesday evening. He was guided by T. L. Lancaster.

Another "Shot By Accident."

Saturday morning while Dr. C. H. Marston of Brownfield and a young man were out gunning on the Fryeburg plains, the doctor was shot by an accidental discharge of the gun which the young man carried.

The doctor received the charge in his right thigh and wrist. There were 16 shot in his leg and 14 in his wrist. He was sent to the Maine General hospital on the evening train.

Fire In Boy's Dormitory.

Barrows Lodge, the new boys' dormitory at Hebron Academy, caught fire Tuesday evening at about 11 o'clock, a nasty blaze being started before it was got under control. The fire started in the attic and was first discovered by Henry Foss, who happened to be up later than usual. The boys of the fire department were on hand promptly and did good work.

There are in the building 28 boys rooming and Prof. Thomas and wife have a suite of rooms on the second floor. The fire broke out in the bath room on the third floor in the east end of the house and burned a large hole in the roof over this end. The rooms in the other end of the building were unharmed either by fire or water, the only damage to them being to the furniture which was got out in a hurry.

BUCKFIELD.

Death of Harriet Starbird.
The familiar form of "Aunt" Harriet (Churchill) Starbird will be seen no more on the streets of Buckfield. Her home has long been on Sreaked mountain. Vigorous and strong she used to come down for years and labor for the people of the village, well earning a competence to carry her through. She has made her home with Harry Dudley by whom she was cared for. She was an octogenarian. The funeral occurred Monday, services being rendered by Rev. J. C. Prince.

A recent very welcome letter from my life-long friend, Lewis M. Wing of Sunnyside, Washington, who is spending the evening of his days in that far away State, that land that is out of the reach of the poor man, the price ranging from \$100 to \$200 per acre. One farm of 100 acres with poor buildings was sold for \$10,000, considered a bargain. It cut 500 tons of hay. At the date of this writing, Oct. 24, the third crop of alfalfa was being cut. This reminds us of the man at an agricultural meeting in the West, who called out a prominent man on those lines, exclaiming "Let us hear from Col. who is the alfalfa and omega of agriculture."

Odd Fellows Visit.

A party of Odd Fellows from here attended the meeting of Crescent Lodge at North Lovell, Friday evening. The second and third degrees were conferred by the degree staff of Oxford Lodge, North Waterford. A fine luncheon was served in the lower hall after the work. It was a good time and will be remembered by those of this village that had the pleasure of attending as one of the bright spots in Odd Fellowship.

P. B. Walker and wife have returned from St. Louis.

Herbert Hurd is at work for his brother, Will Hurd, in the blacksmith shop.

A regular meeting of Delta Lodge, F. & A. M., will be held on Thursday evening, Nov. 10.

Nelson Hutchisson and daughter are at Seth Hutchisson's for a few days. Mr. Hutchisson will go to Rockland, Mass., this winter.

EAST WATERFORD.

Cider making bids fair to run far into the cold weather.

Mrs. C. H. Rolfe of North Albany is visiting her two sons at this place.

News from abroad indicates a sharp rise in the prices of apples in the near future.

Mrs. Henry Rolfe is quite sick with the epidemic which threatens the entire neighborhood. Your correspondent has been down with it, also several others but all seem much better.

The Bolster's Mills Telephone company are about finishing up setting poles and adjusting wires. They extend the line to Will Chadbourne's place to J. E. McIntire's, then from this place to the Flat and City, so called.

The East Waterford school closed Oct. 28, after a term of eight weeks. Hattie Hilton and Fred Chadbourne were not absent during the term. Anna Hilton was absent only one-half day, and Lawrence Bean, Violet, Hyacinth, Beatrice and Gerald Gammon only one day. Pupils whose average rank was not below ninety were Hilda Morey, Florence Stanley, Violet Gammon, Anna Hilton, Marjorie Pride, Fred Chadbourne and Edith Stanley.

Running A Newspaper.

People think it is easy to "run" a newspaper. One week's experience would change the opinion of most people on this subject. Did you ever count the words in a column of ordinary newspaper print? There are about ten thousand words in a column. Suppose you sit down and write a thousand words on some subject, and then another thousand until you have written eight or ten thousand. Try it, and see if it is right easy. Keep that gait up for a month, and see if it is right easy. Then chase a local item all over town, and after you have gotten the facts all right, condense them into a few lines—an hour's work that can be read in a few seconds. Do this for a dozen items that seem insignificant after they are printed, but which you know are important; then have the items criticised and inaccuracies pointed out to you when it is too late to correct them. Oh, yes, it is easy to "run" a newspaper.—[Newspaperman.]

BRYANT'S POND.

A Halloween Party.

A Halloween party was held at the corn shop, Oct. 31. Over forty were present. Most were masked in sheets and pillowcases. The evening was spent in playing games. Cake and coffee were served.

Sheet and Pillow Case Party.

There was a sheet and pillow case party at the corn shop, Monday night. About 75 were present. Coffee and cake were served.

Three car loads of apples were shipped from this station last week.

J. J. Marble and wife and Mrs. G. W. Curtis returned from Boston last week.

J. N. Willey of South Ryegate, Vt., is moving to Hanover, where he will soon open a harness shop.

"Whoa!" is the word in All Climes.

"When I started on my trip around the world, I intended," said the horseman, "to find out what was the word for 'whoa' in every language."

"Do you know what I discovered? I discovered that 'whoa' is the name in all the languages. The Russian stops his horse with 'whoa' and so does the Persian, the Chinaman and the Dutchman."

"And 'whoa' I discovered has been from the dawn of time the word to stop horses with. The Greeks and Romans used it in a slightly different form 'choe'. The old English 'whoa' was 'ho'."

"A Philologist told me the other day that many of our animal words,—the words we order our animals about,—are as old or older than 'whoa'. Take for instance, 'co-boss', the soothing call to the cow. 'Co-boss' comes from the Sanskrit root 'gu' meaning to 'low'. Another cow word, 'sho, sho, sho', which might be translated 'please keep still', comes from the Sanskrit 'sough', meaning to stay motionless. And you know our chicken word—'chick, chick, chick!'"

—the word spoken in a high key, where-with we summon our chickens to their meals? Well that comes directly from the Sanskrit 'kuk' a domestic fowl.

New England Agriculture.

We do not remember ever having seen so many men of eminence among the list of contributors of a publication as appear in the prospectus of The New England Farmer, Brattleboro, Vt., for 1905. The list includes nearly 200 names, and practically every prominent man and agricultural specialist in the six New England states. About 150 of these men will each write a special article on "The Chief Needs of New England Agriculture," especially for the columns of The New England Farmer, during 1905. These contributions will form a most interesting and valuable contribution to the agricultural literature of New England and should be read by every progressive farmer and breeder. We advise every farmer in this territory to send for a free sample copy. Address, New England Farmer, Brattleboro, Vermont.

WEST SUMMER.

A Severe Blow on the Head.

J. A. Tuell received a severe blow on the head recently at Rumford while rendering assistance in the crossing of the ferry boat. He came near being killed. He has so far recovered as to be about the house.

Dr. Marston, who for a week past has been sick from overwork and anxiety over his patients, is improving and will go away for a few days as soon as able.

Aunt Harriet Tuell, as she was familiarly called, passed away Oct. 27, after a few hours illness. She was beloved by all and will be much missed not only by her family but by the church and by her neighbors and acquaintances. Truly it is said a good woman has gone from among us. She leaves an aged husband, H. O. Tuell, two sons, J. A. and E. L. Tuell and one granddaughter, Mrs. Geo. Winslow of Norway. Funeral at the Baptist church, of which she had been a member many years, Sunday, Rev. Seth Benson, officiating. Floral tributes were in abundance. Interment in Pleasant Pond cemetery.

NORWAY AND VICINITY.

John Gurney has gone to Auburn to live with his son Herbert.

Mrs. C. W. Horne has been in Mass achusetts for a two weeks' visit.

F. W. Sanborn went on an automobile trip with W. N. Taylor of Portland to visit his camp at West Buxton.

Mrs. Alma Pendexter Hayden, who is teaching in Oxford village, and daughter Nellie visited relatives in town over the Sabbath.

Wallace W. Sheen, who underwent an operation for appendicitis at the Maine General Hospital at Lewiston, returned home Thursday of last week.

Mrs. B. W. Greenleaf and Mrs. Alma Bailey returned Friday from a visit of several weeks to relatives in Bangor. They report a very pleasant trip.

Mrs. Joseph Chalon of South Boston, formerly Mrs. Lizzie Chick, and a resident of Norway for several years, was visiting former friends here last week.

At the regular meeting of Norway Camp 10355, M. W. A., Oct. 26, Deputy Vase installed Eugene Libby as Consul, Geo. W. Holmes, Advisor; Albert L. Sanborn, Chief Forester. This camp will soon show team work second to none in the state.

Registered guide Fred Locke shot a 100 pound buck in Stoneham, Monday last week. Mr. Locke is a guide at Walter Butters' camp at East Stoneham and says that deer are very plentiful in the vicinity, each party with which he has gone, having secured one or more.

Perkins will have one more personally conducted party to St. Louis, Nov. 12th, the same 12-day trip that has been \$65, now \$55, (and further reduction to patrons if railroad fares are reduced before going date.) Write at once for accommodations to F. L. Perkins, Mechanic Falls, Me.

The Annual Tragedy.

The Portland Argus says: The annual tragedy of the poor man running the expensive heating apparatus is about to begin. The coal bins that are now filled to bursting with the precious fuel, will soon begin to melt away, as it is fed, shovelful by shovelful into the voracious maw of the furnace in the cellar. A few years ago a family man thought he was doing well if he could run a parlor stove and a cooking range all winter, but in these days of luxury the whole house has to be warmed or he doesn't think he is living at all. He burns as much coal in a month as would have then lasted him all winter, and at a cost per ton much above the former rate. The onslaught on the coal supply of the country is something terrific at the present rate of consumption, and it is no wonder that thoughtful men are worrying over the fate of the people when the mines are wholly exhausted.

NORTH WOODSTOCK.

Freeman Morse shot a fine deer at Milton, Friday, Nov. 21st. Richard Farman is having a very serious time with an abscess on his wrist. Cider making is the principal business just now. J. H. Ackley has had eleven barrels made. Charles Sessions was in Portland, last Saturday, on business, also at Norway and South Paris, Friday, and made a short visit with his sister, Mrs. Ellen Russell, at Oxford.

When a man makes you a very liberal offer, be sure that you get all his scheme.

The Good of Educated Girls.

Those of us who understand American conditions better are beginning to realize that our success is due precisely to this fact, so bitterly resented by our English, German and French rivals, who are studying us to discover why our competition is driving their industrial products from the world, why we are the richest and most prosperous of nations. In the United States, for the first time in the history of the world, the girls of a great nation, especially the girls of the poorer classes, have received the same education as the boys, and the ladder leading, in Huxley's words, from the gutter to the university, is climbed as easily by a girl as by a boy.

Although college education has affected as yet only a very few out of the great number of adult women in the United States, the free opportunities for secondary education have influenced the whole American people for nearly two thirds of a century. The men of the poorer classes have had, as a rule, mothers as well educated as their fathers—indeed better educated. To this, more than to any other single cause, I think may be attributed what by other nations is regarded as our phenomenal industrial progress. Our commercial rivals could probably take no one step that would so tend to place them on a level with American competition as to open to girls, without distinction, all their elementary and secondary schools for boys.

The Too Neat Woman.

There are neither comfort nor rest nor peace in her domain. Husband and children lived in terror of muzzing or disarranging things and all the order and cleanliness were for spectacular purposes.

The woman made a failure of her whole life and left, when she died, a memory of an unhappy home for her family. Yet she died in what should have been her prime, believing she had sacrificed her life for good, the altar of domestic duty, and had not been "appreciated." I have seen homes where only a broken commandment could deserve such punishment as a few moments' tardiness at meal time incurred. Better a cold lunch at a restaurant counter than a feast in such a home. The want of a home is happiness. To make a happy home atmosphere, there must be no fear. There must be no friction or discord. The furniture must not be too good to use, the floor too beautiful to walk upon. The divans must be couches for repose and if a tired body feels like lying down upon a mattress bed in the daytime, no terror of disarranging lace covers and wonderful shams should stand in the path to rest. I remember of reading a bit of verse upon a time, wherein some man who had evidently suffered from too much "good housekeeping," declared his intention to marry the girl who "laughed and let things go."

Big ears are not always the sign of a generous nature but always of the generosity of nature.

The Maine Porcupine.

During the last session of legislature an act was passed providing for an appropriation of \$500 to be paid as a bounty on porcupines, 25 cents being paid on every animal killed. The returns to the State show that a total of 60,000 porcupines have been killed during the year of 1903, and the appropriation has been exceeded by \$14,500.

The several towns in the State have paid the bounty and now look to the State for reimbursement, which the limited means at their command the officials are unable to do.

Before the repeal of this act can be effected, it will have cost the State a considerable sum, as \$15,000 will cover only the year of 1903, the returns for the present year remaining to be heard from.

How Cheap Baking Powder Is Made.

A seizure of a lot of "cheap" baking powders by the authorities of a neighboring city has exposed the character of the low priced brands of baking powders which many manufacturers are offering throughout the country. The price of the powders first attracted attention to them. Samples were taken and analyzed. The official report of the analysis showed the stuff to be "alum powders," composed chiefly of alum, sulphuric acid and pulverized starch. The powders were declared dangerous to health and several thousand pounds were confiscated and destroyed.

Physicians have frequently cautioned consumers against mixing food with these so-called "cheap" baking powders. They are all found when analyzed, to contain large percentages of alum and sulphuric acid to which are added various sorts of filling matter sometimes both injurious and nasty. The high class, cream of tartar baking powders, are the most economical and wholesome and should always be selected for use. They will be found cheaper in the end, besides making the food better and more healthful.

THE NEW YORK WORLD

Thrice-A-Week Edition.

Read wherever the English Language is spoken.

The tickets are now made up and the most interesting Presidential campaign the United States has known since 1890 has begun. And it is the most important, too.

Which will it be, Parker and Davis or Roosevelt and Fairbanks? No-body knows yet, but The Thrice-A-Week World will tell you promptly, fully and truthfully every movement of a hot and thrilling campaign.

The real newspaper now prints facts rather than hopes, and it has always been the effort of The Thrice-A-Week World to tell the thing that has happened exactly as it happened.

Thus you can judge for yourself and form your opinion. There is also a great war going on in the East, where The World has a brilliant staff of correspondents in the field, and their reports are found regularly in the columns of The Thrice-A-Week World.

The Thrice-A-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Norway ADVERTISER together one year for \$2.20.

The regular subscription price of the two papers is \$2.50.

MONTH'S MEDICINE ON TRIAL. Generous Offer to All with Weak Digestion or Stomach Troubles. With every box of Mi-o-na sold at the Noyes Drug Store gives the following guarantee bond, assuring the purchaser that the money will be returned if a month's use, the remedy has not satisfied.

GUARANTEE. We hereby agree to refund money paid for Mi-o-na on return of the empty boxes, if the purchaser tells us that it has failed to cure dyspepsia or stomach troubles. The guarantee covers two 50c boxes, month's treatment. (Signed)

Anyone whose food does not digest, ought, who has to take thought when and what to eat, should take advantage of this generous offer of the Noyes Drug Store.

Mi-o-na is almost invariably successful in curing stomach trouble of all kinds from an acute attack of indigestion to a chronic case of dyspepsia. By its use new rich blood is made, the weight increased and health restored. If Mi-o-na were not successful in cases out of 100, an offer like this would be ruinous. This offer shows the faith Noyes Drug Store has in the giving powers of Mi-o-na and you begin its use at once. Try it for a week. If it fails to help you, the money will be returned, while if it is absolutely nothing, while if it is what is claimed for it, the experience is trifling.

CONSUMPTION

MONTH'S MEDICINE ON TRIAL.

Generous Offer to All with Weak Digestion or Stomach Troubles.

With every bottle of M-I-O-N-A sold the Noyes Drug Store gives the following guarantee bond, assuring the purchaser that the money will be returned if after a month's use, the remedy has not given satisfaction.

GUARANTEE.

We hereby agree to refund the money paid for M-I-O-N-A on return of the empty boxes, if the purchaser tells us that it has failed to cure dyspepsia or stomach troubles. This guarantee covers two 50c boxes, or a month's treatment.

(Signed)

Anyone whose food does not digest as readily, who has to take thought about when and what to eat, should take advantage of this generous offer of Noyes Drug Store.

M-I-O-N-A is almost invariably successful in curing stomach trouble of all kinds, from an acute attack of indigestion to a chronic case of dyspepsia. By its use the rich blood is made, the weight increased and health restored.

If M-I-O-N-A were not successful in 99 cases out of 100, an offer like this would be ridiculous. This offer shows the great Noyes Drug Store has in the health-giving powers of M-I-O-N-A and you should begin its use at once. Try it for a month. If it fails to help you, the cost is absolutely nothing, while if it does what is claimed for it, the expense is nil.

SOUTH RUMFORD.

A Paring Bee.

It was a jolly party of sixteen young people that came to Luther Wyman's, Thursday evening, Oct. 20, to an old-fashioned paring bee. Many of them had never seen apples prepared for drying, but they soon learned how to do them and found it great fun. After a bountiful supper they went home, voting it the best time of all.

Shot a Deer.

George Jones was a proud fellow, Monday morning, Oct. 24, when he shot a deer weighing 100 pounds.

Mrs. Belle Jones and son George of Auburn, Mass., are moving into the aunt Octavia Abbott house at East Rumford.

Lee Elliott is working for Herbert Hall.

W. Clark has been at his camp in Mexico the past ten days.

Lila Swain visited friends in Fryeburg from Friday to Monday.

Saturday evening, Oct. 22, about thirty of the friends of Marge Fleck gathered at Willard Wyman's to say "an revoir" to her, as she returned to her home in Harrison, Oct. 23, for a few weeks' visit. The company made merry with dancing, games and cards, and a beautiful bracelet was presented to her as a token of love from her many friends in Rumford.

OAKS.

Hushed 130 Bushels of Corn.
There was an old fashioned husking at E. M. Jilson's one evening recently. About 60 were present and they husked out 230 bushels of corn. They all report a fine time.

Mrs. Jane Winslow went to Webb's Mills, the 21st.

Geo. Dyer has been through this place with his engine, threshing.

Edwin Jilson has the house completed which he has been building for James Jordan.

Mr. and Mrs. D. J. Edwards visited her sister, Mrs. Wetherell of Harrison, Sunday, the 28th.

E. B. Jilson is still labeling corn and canning beans. He has had a larger pack this year than ever before.

NORTH LOVELL.

Sewell Butters is working for L. H. Burnham.

Wm. Harlow went to Lewiston, Saturday, the 15th, to carry Mr. and Mrs. Edson Merrill.

Mrs. Malony Bradbury has gone to Boston, to spend the winter with her son Charles.

Married Fifty-five Years.

Mr. and Mrs. P. S. Bean of Cadott, Wis., celebrated an anniversary which few married couples are privileged to reach. Seated in their easy chairs in their cozy home they received the congratulations and good wishes of about forty people upon the fifty-fifth anniversary of their happy wedded life.

Many interesting events were recounted by the couple in a reminiscent way, and a sketch of their lives written by Mr. Bean was read. Mr. and Mrs. Bean received numerous gifts and letters from their friends and relatives out of town, and several letters of congratulation were read during the evening.

An original poem was read, which was fraught with touching sentiment. A short talk on the sacredness of the marriage relation was given. This touched personally on the lives of Mr. and Mrs. Bean, speaking of his heroism in serving his country. In it was said the heroes of the war shared the honors with their wives, who oftentimes showed as much courage and patriotism as their soldier husbands.

A gold G. A. R. badge was given to Mr. Bean, and to Mrs. Bean a gold W. R. C. pin. Mrs. Bean made a nice little speech in acknowledgment.

"God be with You" was sung by all, and also army and other songs were sung. Refreshments were served about this time strains of martial music were heard in the distance. Nearer and nearer came the music, a wedding serenade. Mrs. Bean opened the door and found the drum corps at her gate. She thanked them and invited them to enter, which they did. Everyone wrote their name and age in a book provided for the purpose, which will be treasured as a memento of a very pleasant evening.

A Brief Sketch of Their Lives.
Peter Smith Bean was born March 23, 1824, in Newry, Oxford Co., Me., the son of Daniel Bean and Betsy Smith Bean. He came to Cold Spring, Wis., in 1846, engaging in the manufacture of windows and rush bottomed chairs.

Oct. 15, 1859, he married Eliza Carter, a school teacher at Cold Spring. She was born June 20, 1827, in Farmersville, Catawago Co., N. Y., and was the daughter of the pastor of that place, Rev. Ashbal Carter. Her mother's maiden name was Nellie Cronkrite.

October 2, 1862, Mr. Bean enlisted in Co. D, 6th Iowa Volunteer Cavalry and went into camp at Davenport, Iowa, Nov. 1, 1862. The 6th Cavalry was ordered to Fort Randall, Dakota Territory in March, 1863, and from there went on expeditions as needed. On Sept. 23d, he was with General Sully's charge on the Indians at White Stone Hill, D. T. Was sent up the Missouri river to join General Sibley of Minnesota at Apple River, but was taken sick and was left at Fort Rice, later was returned to Fort Randall and was discharged in April, 1865, by surgeon's certificate of disability.

In June, 1881, Mr. and Mrs. Bean came to Cadott, where they resided until 1895, having lived in the following named places: Cold Spring, Wis., Burr Oak, N. Y., Plymouth Rock, Iowa, Catawago, Wis. Nine children were born to them, of whom six are living, one, E. C. Bean, here in Cadott, the rest widely separated. All are married. There are twenty-six grandchildren and six great-grandchildren.

Mrs. Bean is one of the numerous heirs to the famous Cronkrite estate. She is possessed of a progressive and enterprising spirit, has always been a great worker in church, Sabbath school, Epworth League and the cause of temperance. She has been a member of the M. E. church since she was fifteen years old. There were no churches in Cadott when she first came here.

Mr. and Mrs. Bean spent some six years at the Wisconsin Veterans' Home, returning to their own home here to spend a part of the summers during this time. They are to spend the winter at the Veterans' Home, and expect to return to Cadott in April if their health permits.

Croup.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears will prevent the attack. WEST PORTER.

A New Engine.
Joseph Douglass has purchased a steam engine. It will be an improvement in his business during low water. He is expecting it soon and is getting ready to build a new building for it to run his stone saws, shingle saw and other machinery.

R. Libby and son attended the auction of I. M. Richardson at Cornish, the 22d.

Cyrus Fowles and wife of Freedom, N. H., were in town recently, in pursuit of fowl.

Lena Rogers has been spending the week with her daughter, Mrs. Harriman, at North Parsonsfield.

Winslow Kenard and family intends to go to Rumford to work this winter and will soon be convenient.

Joshua Libby attended the baptism at South Hiram, the 23d, held by Rev. James Perry of Cornish.

Joshua Libby was at East Brownfield and Cornish, Saturday, and made his aunt, Mrs. Cook, all week before last.

The rainstorm and wind of Friday did a lot of damage, blowing trees across the highways, and telephone poles and was a lot tops of chimneys in some places.

Farmers have got about through harvesting and crops were full better than was expected as the season was cold. Apples are plenty and prices low. Some of our farmers have sold theirs and others are putting them in the cellar.

STOW.

We are glad to have Thelma Andrews out again.

Mrs. Geo. Gould of Templeton, Mass., is visiting at Q. W. Stevens'.

Carrie Eastman of South Chatham, N. H., is helping at Mr. Barbour's.

Moses Eastman is still very feeble. Mr. Barbour remains about the same.

Mrs. M. Clay and sister are having pipe laid to bring water into their house. Charles Lamb and daughter of Westbrook visited at Joseph Kimball's recently.

Mrs. Q. W. Stevens intends going to South Windham, this week, to visit her son, Oldin Stevens.

Wedding at East Waterford.

A pretty home wedding took place at the home of the groom's parents at East Waterford, at high noon Wednesday, Oct. 26. The contracting parties were Clayton Savin McIntire, son of L. E. McIntire, and Alice Ann Stone, daughter of Charles Stone, both of Waterford. Only the immediate families were present.

The bride was becomingly gowned in a beautiful silk muslin and carried white chrysanthemums. The maid of honor, the groom's sister, Lulu G. McIntire, was prettily dressed in white muslin. The groom and best man, Ernest Stone, the bride's brother, wore the usual suit of black.

The decorations of plain green and white were unusually beautiful. The ceremony was conducted in a very impressive manner by Rev. B. S. Rideout of Norway, the ring service being used. After the wedding lunch the happy couple left for a short trip to Quebec, amid much shower of rice and old shoes, and attached to the rear of the carriage, by willing hands, was a large card bearing the inscription "just married."

This was viewed with much satisfaction by those who were determined that no effort should be spared to see them properly started on their journey. The gifts were many and useful, and they have the good wishes of many friends who are pleased to know that they will remain in Waterford.

WEST STONEHAM.

Mr. and Mrs. Clifton Hazeltine and little son of Denmark recently visited his uncle, Wm. Gammon.

Goldie and Alice Adams, who are attending school at Bridgton, recently made a short visit at their parental home at North Stoneham.

Mr. and Mrs. Curtis Bickford of East Stoneham and Mr. and Mrs. V. H. McAllister and son Wendell visited their parents, Mr. and Mrs. Wm. Adams, last Sunday.

Guests at Wm. Gammon's last Sunday were, H. B. McKeen, wife and five little daughters, Mr. and Mrs. Fernando McAllister and two sons of East Stoneham and Mabel Brooks.

Blanche Adams is at home on a week's vacation from Newry where she has been teaching school; also her brother or Charles has been home for some time from Bridgton where he has worked. He returned last Sunday.

O. E. McAllister of Waterford and S. C. McAllister of North Lovell are camping in Perley McKeen's house, deer hunting. H. B. McKeen fired three shots at two large deer near W. W. Dugan's but did not succeed in stopping either of them.

OTISFIELD.

Oldest Person in Otisfield.

Mrs. Emily Chambers Knight, the subject of this sketch, was born in Otisfield, Oct. 19, 1810, and died Oct. 18, 1904, having passed her whole life in this town and in the same house since her fourth year. She was the fourth child of Thomas Boylston and Dorothy Merriam Chambers, who came, the former from Lexington, Mass., the latter from Mason, N. H., in 1800. Of a family of six children she has been the only one since '64.

She has retained all her faculties to a remarkable degree, until within three or four months of her death, reading the weekly papers understandingly and often conversing on national affairs.

In the fall of 1883, when she was seventy-eight, she crossed the continent, passing the winter with a niece in San Francisco, and returned in the spring, visiting relatives and friends in Nebraska. She had no relatives in the State of Maine save the nephew and grandnephew, Webster C. Knight, and George B. Turner, with whom she lived. At the time of her death she was the oldest person in town, being ninety-four years old lacking one day.

Funeral services were held at her home Oct. 20th, attended by Rev. C. C. Foster of the F. B. church of this town.

Severely Kicked.

Ed Lord's little son, who was kicked by a horse two weeks ago, is a little better.

Earl Warren is sick with measles.

Hiram Edwards is still in feeble health. Wendell Pease is in very poor health. Most of the farmers have sold their apples.

Guy Andrews has moved to Scribner's Mills, Harrison.

N. W. Nutting of Boston is visiting relatives in this place.

Mrs. Lizzie Cain sold six cows to Sumner Wardwell, recently.

S. D. Andrews and wife of Norway visited friends in this place, last week.

Mrs. Rose Edwards and Mrs. Josie LaTulippe visited at D. L. Holden's, last week.

Perley Macalaster and wife of North Norway are visiting friends at Spurr's Corner.

J. C. Macfield and wife of Edes Falls and Mrs. Asa Folsom of Sebago Lake visited at Hiram Edwards' recently.

Charles W. Sanborn and wife went to Norway, Tuesday.

Mrs. B. H. Dyer entertained her sister, Lulu Spiller, and Mr. Curtis of Norway last week.

Edwin Lamb returned from St. Louis, Friday morning, in good health and says the trip is all that is claimed for it.

C. W. Sanborn has one hundred and ten barrels of choice apples, which he is holding for a higher price to come later.

Mrs. George Turner having so far recovered her health as to be able to ride out is spending the week with her parents at the Free Baptist parsonage.

LOVELL CENTER.

Funeral of Mrs. Henry Keniston.

The funeral of Mrs. Henry Keniston was held at her home on Thursday, Oct. 20. Served by her pastor, Rev. C. H. Shank. Mrs. Keniston had been a worthy member of the Christian church for eighteen years, coming to it from the Methodist of Fryeburg. She was a woman of sterling Christian character and will be greatly missed in the church and home.

Daisy Hill is working for Mrs. H. W. Palmer.

Roda and Flossie Keniston have gone to Standish to visit friends.

A. E. Stearns, esq., of Rumford Falls is visiting his uncle, E. T. Stearns.

Mrs. Georgia Hatch carried her daughter, O'Connell, to Fryeburg, Friday, when she will return to her home in Boston.

Mr. and Mrs. Edwin Walker and Mr. Mrs. Bert Eastman visited, the past week, at Elwell Andrews and Owen Eastman's.

There will be no meeting in either of the Congregational churches, Sunday, but all will unite in the services at the Christian church.

EAST HEBRON.

A Reception.

At the recent reception of Mr. and Mrs. Linwood Sawyer the following presents were received:

Couch, center table.....From friends
Dinner set, 112 pieces.....Her brother
Fine lamp.....His sister and cousin
2 glass preserve dishes, 2 pictures and tray.....Relatives
\$6.00.....From her uncle
\$1.00.....From friends
\$1.00.....From relatives

Refreshments were served in the dining hall to suit the most fastidious taste. Good music was furnished by Conant's band assisted by S. N. Bonney of Auburn.

Colds are prevalent since the cold days came.

As cold an October as was ever known has just left us, so say the most aged people.

Meetings are to be held in the church during this week. Speakers from other churches are expected and a clergyman from Bath is expected the first of the week.

Mr. and Mrs. Frank Biye are visiting E. Allen and wife, being unaccustomed to outdoor work he took a severe cold while at work for Mr. Nash. He left Saturday, is now gaining slowly.

UPTON.

Many are having bad colds.

HARBOR.

Johnson-Chase.

At the home of Mr. and Mrs. James Johnson, on the 26th, occurred the wedding of their oldest daughter, Lizzie, to Mr. Chase of Somerville. Rev. B. N. Stone officiated. The bride was a graduate at Shaw's Business College, Portland, and has had a position with the National Paper Co. at Conway Center.

The groom has a position on the railroad. The happy pair left for their home in Somerville, Friday, with best wishes of all.

J. H. Johnson and wife of Conway were at Elmer Brackett's, recently.

Mrs. H. F. Thompson of the village visited relatives here, Saturday and Sunday.

Mr. and Mrs. F. L. Wilson of North Conway visited relatives in the place, recently.

Nellie Farrington and C. W. Farrington visited Mr. and Mrs. Frank Mason at North Conway, recently.

Roy Gordon of Biddeford spent a few days recently with his uncle and aunt, Mr. and Mrs. A. W. McKeen.

BOLSTER'S MILLS.

High Carnival.

Measles have held high carnival in this vicinity the past two weeks. There have been some fifteen or more cases already with more to follow. Nearly all are getting over them all right. Brackett Small, who lived over 60 years without catching them, at last succumbed and is having a pretty severe time.

Many hereabouts are shipping their apples as buyers offer such low prices.

The musical entertainment at Grange hall, last Friday evening, was pronounced good by all who attended.

Mr. and Mrs. A. B. Caswell returned from their St. Louis trip, last Friday, well pleased with their journey.

The "rumor" spoken of in last week's Harrison item of the marriage of Harold Caswell and Josephine Shedd undoubtedly originated with the writer.

Mrs. Ida Haskell of Brookton, Mass., was at D. E. Caswell's over Sunday. She was called to Waterford to the burial of her brother, Wm. Gilson, who died in Brookton, Oct. 19.

ALBANY.

Benjamin Skillings was in town Saturday.
